A Sink for Every Kitchen.

Sixty-six models in one stainless steel range — choose the format that suits the worktop, the layout and the way the kitchen is used.

01 **Many formats**
Single and double bowls, drainboards, tap decks, apron fronts and workstation sinks.

02 **Radius or square corners**
Radius corners are easy to wipe clean; square corners give a crisp, contemporary line.

03 **Three ways to install**
Topmount, undermount and flush-mount options to suit stone, solid-surface and laminate worktops.

04 **Overall sizes listed**
Every model is listed with its overall size, followed by photos and dimension drawings.

66 kitchen sink models	**9** sink families
3 installation methods	**Custom** sizes on request
