A healthcare utility cleaning room

Plan a deep-sink position within the utility workflow, allowing room for handling items, plumbing and maintenance.

The setting

Review the WTA2303 deep sink against item dimensions, frequency of use and handling procedures, with its purpose confirmed by the facility team.

Check the deep sink alongside adjacent worktops, storage and doors. The illustration shows a layout concept; confirm procedures and installation for the project.

Planning points

01 Check product dimensions against the space.

02 Confirm plumbing or wall fixing conditions.

03 Allow room for everyday use and maintenance.
