

Application illustration · Residential laundry area

Home laundry & utility area

Combine a flat stainless steel worktop and sink with laundry appliances, drying space and storage for everyday household tasks.

The setting

Keep the warm cabinetry, laundry appliances, drying rail and window light, with a flat stainless steel worktop for handwashing and temporary placement. Arrange washing, drying and storage together around everyday household use.

RCSS3 is a related stainless steel sink option for discussion. The worktop is a layout illustration: confirm its dimensions, sink opening and connections for the site, including appliance, drainage and servicing clearances below.

Planning points

01 Coordinate handwashing, temporary placement, laundry and drying.

02 Check bowl, drainage and appliance clearances.

03 Allow for doors, ventilation and maintenance access.
