Recessed storage in a hotel bathroom

Use a recessed wall niche for everyday essentials, positioned around showering and washing routines.

The setting

Coordinate the WNSL stainless steel niche with wall depth, the opening and finished surfaces. Confirm dimensions before installation.

Review height and compartments for the items stored, with waterproofing and joints confirmed by the installation team.

Planning points

01 Check product dimensions against the space.

02 Confirm plumbing or wall fixing conditions.

03 Allow room for everyday use and maintenance.
